## SprayMax® 1K Gun cleaner 400ml Part no. 680095

### Product

#### Description / Purpose

Special cleaning for effective cleaning of spray guns. Can be used universally for 1K solvent-based and 1K water-based paints and for unhardened 2K paints. The short and long nozzles allow residual-free cleaning of the paint gun without having to dismantle it. Ideally suited for fast cleaning of the Variator spray head.

#### Properties

- Cleans spray guns that are soiled with both solvent-based or water-based paints
- Fast cleaning completely free of residues thanks to the solvent power
- Optionally with a short or long nozzle
- Spray gun can be cleaned overhead without being dismantled
- Cleans the Variator spray head
- Improved cleaning effect thanks to spray can pressure
- Dosed distribution

#### Material base

Special solvent combination

#### VOC Value (EU)

750 g/l

## Processing

### Protection measures

Wear personal protection equipment.  
(respiratory mask/gloves/goggles)

For more information, see safety data sheet.

### Spraying distance

15 cm - 20 cm

### Processing conditions

1. After you finished your paint job spray your spraying gun thoroughly empty
2. Remove the paint cup and nozzle head.
3. Not later than 2 h after you have finalized your paint work rinse the inner part of your spray gun as well as the nozzle head using the lancet on the spray head of the aerosol.
4. Drain the spray gun
5. Reassemble your spray gun and dry it with compressed air.

## Additional Information

### Important Information

Avoid bumps, friction and impact.

### Shelf Life

60 months

The usage period refers to an unused can that is stored correctly at a temperature of 15 - 25 °C and a relative humidity below 60%. The can must be stored and transported in an upright position in a dry place where it is protected against chemical and mechanical influences. The safety information on the can and all statutory provisions applicable for the storage site must be observed.

### Disposal

The completely emptied spray cans must be disposed of in the recycling system. Cans with hardened material must be disposed of as special waste.
